## BRIDGEPORT HARBOR STATION SEEKS SUPPLIERS AND CONTRACTORS

The re-birth of Bridgeport Harbor Station is underway with the construction on BHS Unit 5, a new state-of-the-art combined cycle power plant owned and operated by PSEG Power Connecticut.

At PSEG, we are committed to developing relationships with large and small, minority-, women-, and veteran-owned businesses to support the communities we serve.

PSEG relies on a variety of suppliers. PSEG strives to do business with suppliers who are committed to enhancing our corporate vision while contributing to our operational excellence. PSEG is committed to identifying suppliers whose businesses are:

- Capable of meeting the needs of PSEG and have a proven track record of success in safety and execution.
- Compatible with the PSEG culture and business model.
- Competitive in terms of costs when compared to the competition.
- Committed to providing PSEG with the highest quality and innovative products and services that will drive business results while continuously identifying costs savings measures.

## What We Buy

To meet ongoing business needs, PSEG routinely sources materials and services from an array of suppliers through PSEG's Procurement organizations located at Bridgeport Harbor Station in Bridgeport, Connecticut.
