

# Become a Literacy Volunteer

**Share your knowledge, and make a difference in someone's life in 2018!**

Is one of your goals for this year to get involved in your community, or to give back to those in need? Becoming a Literacy Volunteer is a great way to make a positive impact!

Literacy Volunteers help adult students learn to speak English, or improve their basic reading, writing, or math skills. We work with Bridgeport area adults who want to become US citizens, obtain their high school diploma, or who are simply looking to improve their basic skills.

**You don't need to speak another language, or have a teaching background to volunteer!**

To learn about how you can help, come to our next information session on Thursday, April 12, 5 pm at the Bridgeport Public Library.

Please RSVP to:
