

Be Involved. Save Lives.

OUR MISSION IS TO SAVE LIVES by delivering cures to people diagnosed with life-threatening blood cancers through marrow transplants. But we can't do this important work alone. We work with amazing partners and volunteers like you to help the more than 14,000 patients in need of transplant. **JOIN US!**

In Memory of AJ Saez

AJ passed away on February 24, 2011 at the age of 12 years old after an 8 month battle with Acute Myelogenous Leukemia. Since 2011, BCYL has held an annual bone marrow drive in memory of A.J. Saez.

Join the Registry to see if you can save a life! It only takes 5 minutes to fill out a form and do a cheek swab.

If you match you match a patient you are most likely to donate a blood cell called PBSC, this is done almost **80%** of the time. The other **20%** of the time you may be asked to donate bone marrow cells while under anesthesia.
